

ASSET MANAGEMENT POLICY

The Asset Management System of Coget Impianti S.r.l. supports all company processes which involve the management of corporate assets, with a lifecycle approach and also considering the management of assets' risk.

For this purpose Coget Impianti S.r.l. undertakes to:

1. Identify and assess the value of assets and define strategies and plans for their management, considering the risks and opportunities and the needs of stakeholders.
2. Manage assets in a safe, sustainable, responsible manner, bearing in mind health and safety principles, environmental impact and the relevant regulatory framework.
3. Monitor and assess assets' performance using key performance indicators and quantitative and qualitative data, to identify any improvements or problems.
4. Guarantee assets' availability through maintenance, spare parts management, risk reduction and emergency planning.
5. Provide personnel and stakeholders with the information, training and resources needed to understand and participate in the management of assets, share good practices and improve the corporate culture.
6. Continually improve management of assets by assessing and improving performance, setting improvement targets and committing to their achievement.

This Policy is reviewed during the regular Management Review to ensure that it is still appropriate and is communicated and distributed to all personnel and stakeholders through the Salcef Group corporate website.
